

VOL. 3 - NO. 3

RIVALRY FRIDAY!

INITIAL SCREENINGS

This week, Keota Elementary began our initial screenings for the 2024-2025 school year. Teachers gave Really Great Reading (RGR) surveys to assist in setting up our phonics-based reading interventions through WIN (What I Need) groups. Students also worked to complete their first iReady Diagnostics for Math and Reading. The results will help create an iReady MyPath for each student. MyPath is a program that is individualized to fill in learning gaps for each and every student.

SAFETY DRILLS

Keota Elementary completed its first fire drill and tornado drill for the school year this week. Please review the exit and shelter routes with your students and discuss your safety plan at home.

IMPORTANT DATES

- ✓ 9.9.24 - 5th Grade Band Night
- ✓ 9.13.24 - No School (Professional Development)

DONATIONS

Keota Elementary has continued to receive donations and memorials for the Playground Project.

This week, we would like to thank the Keota Eagle Advocates for their generous donation and the family of Jerry Flynn for their memorial fund.

As always, we are so appreciative of the contributions to this project! Our students have immensely enjoyed the new playground so far this year!
