3rd Grade Bridge Building

KES 3rd graders are learning about engineering & building bridges. Students were tasked with building a bridge with ONLY two pieces of paper! Students competed to see who's bridge held the most pennies. Renner Milledge had the winning bridge, which held 360 pennies! Hallie Fisher was 2nd place with 161 pennies & Journey Grandstaff rounded out the top three with 76 pennies! The students did an amazing job with understanding the natural forces that come with building a bridge!
