

HAPPY LABOR DAY!

Week 2!

Week 2 has been all about getting back into the routines and rhythms of school. Our students and staff are settling in, building relationships, and getting comfortable with the expectations that help make each school day successful.

This week, our classes also worked through our safety and evaluation plans, completing our first round of bus evacuations, fire drills, and tornado drills. These activities are an important part of making sure our students and staff know what to do and where to go in the event of an emergency.

And, of course, there was plenty of excitement on the playground! Our students had the opportunity to play on Phase #3 of our Playground Project this week. We're getting closer to seeing the project fully completed, with sod and seed work still to come in the coming weeks.

IMPORTANT DATES

- ☒ 9.7.26 - No School (Labor Day)
- ☒ 9.9.26 - School Board Meeting (4:30 PM)
- ☒ 9.11.26 - Friday School

iReady Diagnostics

Next week, our K-6th Grade students will begin their iReady Math and Reading Diagnostics. These assessments will provide a baseline of student achievement at the beginning of the school year and help our teachers better understand each student's strengths and areas of need. This information will help us provide targeted instruction and support so that every student can continue to grow throughout the year.

It's a great day to be an Eagle!
